

Breffni May  
May Financial Planning

## TESTIMONIAL

26th January 2011

We were very fortunate to have been introduced to Breffni May in 2010 and without hesitation he became our financial adviser. Breffni is dedicated to providing the very best service and advice in all aspects of financial advise, and has proven time and time again to go well beyond our expectations. His approach simplifies the minefield of financial planning, with interesting exercises to explain everything. With his help and advise we hope to build upon this foundation so that our future is financially secure.

Additionally, the way May Financial Planning apply their charges allow for structured planning without any hidden surprises. We have and will continue to have absolutely no hesitation in recommending their services.

We always look forward to our sheduled meetings with Breffni. He always sends us on our way with a sense of possitivity & security.

Yours faithfully
